The Little Tree Project benefits survivors of human trafficking in south Alabama and surrounding regions. The Global Slavery Index estimates 6,000 people are trafficked in Alabama each day, whereas the National Human Trafficking Hotline only had 82 cases reported in the entire year of 2019. A vast number of cases are going undetected, and the survivors need our help!

Your participation will assist the Little Tree Project's local residential program to restore hope, purpose, and healing to survivors of modern slavery.
